

MuTaLig COST ACTION CA15135
1st Annual meeting 2016
USI Lugano(CH), July 21-22 2016

Second Circular

1st annual meeting – MuTaLig COST Action

Università della Svizzera Italiana - Lugano, July 21-22 2016

Dear Colleague,

it is a great pleasure to me informing you about the updates of the Lugano meeting, the first event of the MuTaLig COST Action CA15135. An intensive preliminary program has been defined. You can find it browsing the just released MuTaLig portal www.mutalig.eu in the action-meeting section. It is based on 3 plenary communications, 29 oral talks, one poster session and a conclusive round table. During this last section of the meeting information about the available Action management tools (web portal, STSM calls, WG meeting and training school) defined during the MC meeting will be communicated to all participants.

The topics of the talks are related to all working groups and will definitively stimulate collaborations among the participants in the research theme of multi-targeting and poly-pharmacology.

I also warmly invite you to improve our reciprocal knowledge, proposing **additional poster communications** that will be held from the beginning of the meeting up to its end. Plenary, oral and poster communications will be included in a virtual book of the abstract released on line. Therefore, the participants can still send abstracts to mutaligcostaction@gmail.com within next **June 30th 2016** for poster communications. The final program, released within July 6th 2016, will include the full list of them.

The conference will be held at the Università della Svizzera Italiana, in the two full days: **July 21st and 22nd 2016**. The local organizers are the MC members from Switzerland Prof. Vittorio Limongelli and Dr. Eugenio Gaudio. The venue of the conference is the aula Magna, located in Via Giuseppe Buffi, Lugano (CH).

The participation is free (no fee), but limited to 100 participants. No more COST grants are now available for travel reimbursements. Looking forward to your participation, I hope to meet you in Lugano!

Best regards

Catanzaro, June 13th 2016

Prof. Stefano Alcaro
CA15135 COST Chair
