

# Getting there

Tenerife is easily accessible by aeroplane from major European cities. Flight times from Central Europe vary between 4 and 5 hours depending on the departure point and weather conditions. The island has two international airports: Tenerife North (Airport Code: **TFN**) and Tenerife South (Airport Code: **TFS**). Please be aware that the archaic code **TCI** is used to refer to both airports.

**Tenerife North Airport** (Los Rodeos) **(B)** is the hub for many inter-island connections and is located in the north east of the island, only **3.5 Km** away from the city of La Laguna. For scheduled access to the city of San Cristóbal de La Laguna (or simply, La Laguna) from Europe and the rest of the world, the best option is to fly to Madrid or Barcelona with connecting flights to TFN.

**Tenerife South Airport** (Reina Sofía) **(C)** is located in the south of the island, **65 Km** away from La Laguna. There are many low-cost carrier options from several European cities to TFS.

## By bus

Public transport from and to the airports is provided by the company **TITSA**. There are regular buses that run from both airports to the city of. Take a look at the **TITSA bus website** (<http://www.titsa.com/index.php/en/>) for the latest timetable.

Bus lines	
Tenerife North Airport-La Laguna ( <i>Direct</i> )	102, 107, 108
Tenerife South Airport-La Laguna	111 to Santa Cruz and then change to 015 to La Laguna

The bus station of La Laguna (so-called Intercambiador) is located 5 min walking distance from the venue.

## By taxi

There is no shortage of taxis on arrival. Typical fares are 10 € from TFN and 60 € from TFS.

## By private transfers

A convenient option might be to book an airport transfer. They will have a driver waiting for you and they cater for all destinations and group sizes.

C/ Obispo Rey Redondo, 55 · 38201 La Laguna · Tenerife ·
