

MuTaLig COST ACTION CA15135
Annual meeting 2018 -
Valletta (Malta), October 18-19 2018

Second Circular - 3rd Annual meeting - MuTaLig COST Action October 18-19 2018

“MuTaLig & Companies: the multi-targeting drug discovery with implications at industrial level”

University of Malta - Campus Historical building - Saint Paul street, Valletta (Malta)

Dear Colleague,

this second circular is dedicated to some updates of our incoming meeting in Malta. You can find a preliminary program browsing our MuTaLig portal www.mutalig.eu/actions-meetings at the action-meeting section. It is based on plenary communications, oral talks, and a conclusive round table session with a poster awarding ceremony. Some experts from companies have already confirmed their presence with oral communication. Moreover, about 35 abstracts have been collected, but it is still possible to propose additional contributions sending them to mutalig.malta@gmail.com within the deadline of **August 24th 2018** using the abstract template available at above link under the Malta page. The location is the historical University building, within the beautiful center of Valletta, recently nominated 2018 European Capital of Culture. Additional information about the room booking, travelling information and social activities, gently provided from our local organizers Claire Shoemake and David Magri, can be found under the web pages www.um.edu.mt/events/mutalig2018. Please, note that the **registration and the abstract submissions must be done using the information of the first circular**. The acceptance of the scientific contribution as talk, that should be strictly pertinent the topic of the annual meeting, will be communicated by **August 31st 2018**, when the final program is released. All updates will be posted at www.mutalig.eu.

Looking forward to your participation, I hope to meet you in Malta! Best regards

Catanzaro, August 3rd 2018

Prof. Stefano Alcaro
CA15135 COST Chair
